

Lecture 11 Program 3

EE 2310 Lecture 11 Problem 3

Practice with multiply and system call 1

```
main:  .text
        li $t0, 22
        li $t1, 15
        li $t2, 7
        li $t3, 18
        mul $s0, $t0, $t1
        mul $s1, $t2, $t3
        mul $a0, $s0, $s1
        li $v0, 1
        syscall
        li $v0, 10
        syscall
```
